

Transportation Services at the Navy Yard
Addendum 2 – Correction and Deadline Extension
February 25, 2025

1. Fleet Size Correction

- Section IV. A. (page 8) incorrectly states the fleet size as four 40' transit buses with two spares.
- Section VI. A. 6 (page 14) correctly shows the fleet size, where all six buses are shown being assigned to revenue service.

2. Revenue Hours

- Section VI. A. 6 (page 14) incorrectly states the revenue hours for the Navy Yard Loop as 7,028.
- Exhibit E lists the correct revenue hours for the Navy Yard Loop as 4,016.

The correction is as follows:

For planning and costing purposes, the bidder is to assume 251 total potential service days, with a minimum of:

- *8,032 revenue hours per year (4 buses, 8 hours per day, 251 days per year) total for the Center City Express.*
- *4,016 revenue hours per year (2 buses, 14 hours per day, 251 days per year) total for the Navy Yard NRG Loop.*

3. Deadline Extension

- Due to this error, PIDC is extending the RFP deadline a week from this Addendum.
- The revised deadline is Tuesday March 4, 2025, at 4:00 PM.
